01 — THE VEHICLE

2026 Bentley Flying Spur Azure

PLUG-IN HYBRID | V8 TWIN-TURBO · EIE STOCK · SOLD OUT

REG. YEAR	MILEAGE	FUEL	STEERING	TRANSMISSION	ENGINE CAPACITY
2026-02	Undisclosed	Plug-in Hybrid	RHD	Dual-Clutch(DCT)	3,990 (Cc)

Built for effortless grand touring, the 2026 Bentley Flying Spur Azure unites handcrafted British luxury with Bentley's latest plug-in hybrid V8 powertrain. At its heart sits a 3,990cc twin-turbocharged V8 paired with an electric motor for a combined 680 PS, delivering surging yet refined pace through a smooth dual-clutch transmission. In town it glides in near-silent, emission-free electric mode for up to 50 miles, around 80 km, before the V8 seamlessly wakes, as composed on a quiet commute as it is commanding on the open road.

Power reaches the road through Bentley's active all-wheel-drive system, which holds a rear-biased, sporting feel by default and instantly sends torque forward the

moment it senses slip or hard cornering. The car stays surefooted in poor conditions without losing its natural agility, while all-wheel steering, adaptive dampers and selectable drive modes make it nimble through tight streets yet serene on a long motorway cruise.

This is the Azure specification, Bentley's most comfort-focused Flying Spur, appointed with luxurious leather seating, climate control, navigation and the marque's signature hand-finished cabin. Offered in brand-new, right-hand-drive form, it is a rare chance to secure a used Bentley Flying Spur for sale directly from Japan, with Elegant Import and Export managing the full worldwide shipping process on your behalf.

FOB PRICE

Not Yet Priced

FOB Japan, ex-yard. The contract currency is Japanese Yen; any other currency shown is indicative only and moves with the exchange rate. Price and availability are subject to change and prior sale.
