We are delighted to present this 2024 Ferrari Purosangue, the first four-door, four-seat car in Maranello's history and still one of the most sought-after luxury crossovers in the world. Finished in special four-layer Rosso Maranello over a Cioccolato leather cabin, this left-hand drive example is a heavily personalised, one-owner car with no accident history.

At its heart sits the F140 IA, a 6,496cc naturally aspirated V12 producing 725 PS, mounted mid-front and paired with an 8-speed dual-clutch transmission and all-wheel drive. It is the only engine of its kind in the segment, delivering the linear, free-revving response and unmistakable soundtrack no turbocharged rival can

match, backed by a matte black sport exhaust and staggered forged diamond-cut wheels, 22-inch front and 23-inch rear.

The personalisation runs deep, with a carbon fibre package covering the front spoiler, rear diffuser, wheel arches, mirror caps and cabin trim, joined by a dimmable panoramic roof, surround view, a high-end audio system, a heated carbon fibre steering wheel with LED shift lights, yellow brake calipers and a front suspension lifter. A rare left-hand drive Purosangue, available now for worldwide export from Japan with Elegant Import and Export managing the full shipping process.
