Step into this 2007 Hino Blue Ribbon, a large 57 seater bus laid out with forward-facing high-back seats, curtained windows and a single front door. It is a practical used Japanese bus for staff shuttles, school runs, factory transport and commuter services, carrying a full load of passengers in comfort on every trip.

Power comes from the Isuzu 6HK1, a 7.8 litre inline six-cylinder turbo diesel producing 260 PS, shared with the Blue Ribbon's sister model, the Isuzu Erga. This engine is known for its durability and wide parts availability, so servicing is straightforward in most export markets. It drives the rear wheels through a manual gearbox, with double batteries and dual rear wheels built for long working days.

Available now for worldwide export from Japan, with Elegant Import & Export handling the full shipping process from yard to port.
