Discover this 2022 Honda CR-V e:HEV EX, a five seat SUV built around Honda's two motor petrol hybrid system and offered in one of the model's best equipped Japanese grades. The 2.0 litre LFB inline four cylinder DOHC 16 valve unit pairs with the electric drive motor for a 184 PS output, giving quiet, instant response in town and confident pull on the open road, with the low fuel bills that make a used Honda CR-V hybrid for sale so easy to own.

With 4WD traction underneath, it takes school runs, motorway touring and rough or wet season roads in its

stride. The EX grade is generously specified, with power seats, alloy wheels, a navigation system, a reversing camera and corner sensors, smart key with push button start, and driver assistance covering cruise control, lane keeping assist and adaptive driving beam headlights.

Recorded with no accident history, this Japanese petrol hybrid SUV suits importers who want real economy without giving up SUV practicality. Available now for worldwide export, with Elegant Import and Export handling the full shipping process on your behalf.
