Built for cold-chain logistics, the 2018 Isuzu Elf is a 3 ton freezer truck ready to keep your goods moving at the right temperature. Power comes from Isuzu's celebrated 4JJ1, a 3.0 litre four cylinder intercooler turbo diesel rated at 150 PS and known the world over for its toughness, fuel efficiency, and exceptional parts availability, so keeping it on the road is straightforward wherever you operate.

The insulated freezer body sits on a practical high deck and carries a useful payload of around 2.95 tons, making this used Isuzu Elf for sale a strong fit for refrigerated food distribution, frozen goods delivery, and regional cold-chain runs. A smooth automatic transmission eases stop-start city work for any driver. Available now for worldwide export from Japan, with Elegant Import & Export handling the full shipping process.
