Introducing a 2016 Isuzu Elf TPG-NPR85AN freezer truck that combines proven reliability with practical features for efficient cold chain operations. Powered by the fuel-efficient 4JJ1 diesel engine with 2,990cc capacity and equipped with a manual transmission, this truck offers dependable performance and excellent control for drivers who prefer traditional gear shifting. The manual transmission also provides better fuel economy and lower maintenance costs over the vehicle's lifespan. Designed for versatile refrigerated transport applications, this Elf features a 2.9-ton payload capacity

and includes a convenient side access door (service door) that enables quick cargo access during multi-stop delivery routes while maintaining optimal temperature control. The vehicle is in good running condition with genuine mileage records and comes well-equipped with air conditioning, airbag, ABS braking system, power steering, power windows, and double batteries. This compact freezer truck is an excellent choice for small to medium-sized businesses requiring reliable and economical refrigerated transportation.
