Introducing this 2017 Isuzu Elf (TRG-NPR85AN) — a dependable 3-ton refrigerated freezer truck built on Isuzu's legendary Elf platform, one of the most trusted light-duty commercial truck names in the world. Powered by the proven 4JJ1 2,990cc diesel engine with manual transmission and right-hand drive, this high deck freezer truck is ideally suited for cold chain logistics, food distribution, pharmaceutical transport and any temperature-sensitive cargo operation.

A standout feature of this unit is its side access door, providing convenient loading and unloading from the side in addition to the rear — a highly practical advantage for busy delivery operations. Further equipped with air conditioning, airbag, ABS, power steering, power windows, double batteries and double wheels, this well-maintained Elf is ready for worldwide export directly from Japan through Elegant Import & Export.
