01 — THE VEHICLE

2018 Isuzu Elf

3TON / FREEZER TRUCK | HYBRID · EIE STOCK · SOLD OUT

REG. YEAR	MILEAGE	FUEL	STEERING	TRANSMISSION	ENGINE CAPACITY
2018-06	Undisclosed	Diesel-Hybrid	RHD	Automatic(AT)	2,990 (Cc)

Introducing this 2018 Isuzu Elf (TSG-NPR85AN) — a 3-ton refrigerated freezer truck powered by the advanced 4JJ1-HE11 diesel-electric hybrid powertrain, combining a 2,990cc turbocharged diesel engine with an integrated electric motor to deliver improved fuel efficiency and reduced emissions compared to a conventional diesel-only unit. Paired with automatic transmission and right-hand drive, this high deck freezer truck is well-suited to operators seeking lower running costs on urban and multi-stop cold chain delivery routes.

The diesel-electric hybrid system on the Isuzu Elf is particularly valued in markets with rising fuel costs, as the electric motor assists the diesel engine during acceleration and low-speed operation — reducing overall fuel consumption without compromising the payload capacity or refrigeration performance expected of a 3-ton commercial freezer truck. Equipped with air conditioning, ABS, airbag, back camera, power steering, power windows, double batteries and double wheels, this hybrid Elf freezer truck is available for worldwide export directly from Japan through Elegant Import & Export.

FOB PRICE

Not Yet Priced

FOB Japan, ex-yard. The contract currency is Japanese Yen; any other currency shown is indicative only and moves with the exchange rate. Price and availability are subject to change and prior sale.
