Built for secure dry goods distribution, this 2017 Isuzu Forward pairs a fully enclosed box body with one of Japan's most trusted medium duty platforms. At its core sits Isuzu's 5,190cc 4HK1 inline four cylinder turbo diesel, rated at 240 PS and driving the rear wheels through a manual gearbox. The 4HK1 has earned its reputation the hard way, through long service lives, simple maintenance, and parts availability in almost every market Isuzu trades in, making this a used Isuzu Forward for sale that keeps working wherever it lands.

The high deck box body offers a weatherproof, lockable load space rated for a 2,250kg payload, with twin rear wheels giving a stable, planted feel when the body is loaded. The two seat cabin keeps the focus on the job, and the twin battery setup supports confident starting in demanding daily use.

It suits furniture removals, dry food and beverage distribution, courier and parcel work, and regional logistics, or any operation that needs its cargo kept clean, dry and out of sight. Available now for worldwide export from Japan, with Elegant Import & Export handling the full shipping process through to your nearest port.
