01 — THE VEHICLE

2017 Isuzu Giga

13.2 TON | FREEZER TRUCK · EIE STOCK · AVAILABLE

REG. YEAR	MILEAGE	FUEL	STEERING	TRANSMISSION	ENGINE CAPACITY
2017-09	1,047,000 (km)	Diesel	RHD	Manual(MT)	9,830 (Cc)

Built for cold-chain logistics over long distances, this 2017 Isuzu Giga is a full-size three-axle freezer truck ready for immediate export. Rated to carry 13.2 tons, it is aimed at operators moving chilled and frozen goods in volume, from produce and seafood distribution to supplying supermarkets, food processors, and regional cold-storage depots.

Power comes from Isuzu's 6UZ1, a 9.8 litre inline six-cylinder turbocharged diesel producing 380 PS. It is one of the most respected heavy-duty engines to come out of Japan, valued for its strong pulling torque under constant load, its long service life, and the wide parts availability that makes it practical to keep running almost anywhere in the world. Drive goes through a manual gearbox to a rear-wheel-drive three-axle chassis, giving the driver full control of a heavy load on gradients and unsealed roads.

The high deck insulated body sits on a proven long-haul platform, and the two-seat cab keeps the layout simple and purposeful for commercial work. For any business searching for a used Japanese refrigerated truck with real capacity behind it, this Giga is a serious working asset. Available now for worldwide export from Japan, with Elegant Import & Export managing the full shipping process.

FOB PRICE

Not Yet Priced

FOB Japan, ex-yard. The contract currency is Japanese Yen; any other currency shown is indicative only and moves with the exchange rate. Price and availability are subject to change and prior sale.
