2025-06	130 (km)	Plug-in Hybrid	LHD	Dual-Clutch(DCT)	6,490 (Cc)

Introducing the 2025 Lamborghini Revuelto — the most powerful and technologically advanced V12 Lamborghini ever built, now available for export from Japan. The Revuelto marks a historic milestone for the Sant'Agata marque, combining a naturally aspirated 6.5-litre V12 engine producing 825PS with three electric motors delivering a combined system output of 1,015PS through a dual-clutch transmission and all-wheel drive — redefining what a supercar can be. This brand-new left-hand drive example is presented in the striking Bianco Asopo Matt — a sophisticated matte white finish — with a Contrast Color Trim interior.

The exterior specification is nothing short of extraordinary: Triguero Matt Bronze 20"/21" forged wheels,

Verde Chiaro brake calipers, carbon fibre upper and lower exterior packages, Bocca Nera front bumper in body colour with shiny black contrast elements, and a Style Package in High Gloss Black. Practical enhancements include a front lifting system, parking pack, and surround assistance pack.

Inside, the cockpit is trimmed in Corsa-Tex sport seats with contrast colour stitching, full leather steering wheel, carbon fibre interior details, Sonus Faber premium sound system, RGB ambient lighting, touch passenger display, smartphone interface, and connected services — alongside a Lamborghini 5-year maintenance package for complete peace of mind.
