Presenting the 2025 Lamborghini Urus Performante, the hardest edged version of the super SUV that reshaped its class. At its heart sits a 4.0 litre twin-turbo petrol V8 producing 666 PS, driving all four wheels through an 8-speed automatic transmission and a full-time all-wheel-drive system. This is a left-hand drive Urus Performante, a specification that rarely surfaces in Japanese stock and an immediate fit for LHD markets across Europe, the Middle East and the Americas.

This example carries the full exterior carbon fibre package in a gloss finish, a visible carbon fibre bonnet, forged Pelope rims with titanium wheel bolts in gloss black, black brake calipers and a panoramic roof. Inside,

the two-tone sportive cabin with Performante trim is paired with fully electric front seats offering ventilation and massage and floor mats with leather piping.

Technology runs just as deep, with a head-up display, Night Vision, Highway Assistant and Urban Road Assistant, an advanced 3D Bang & Olufsen sound system and a premium air quality system with ionizer. A five seat super SUV in outstanding condition with one owner and no accident history, this used Lamborghini Urus Performante is ready for worldwide export from Japan, with Elegant Import & Export managing inspection, documentation and shipping.
