Presenting the 2025 Mercedes-AMG GLC 43 4Matic, a right hand drive performance SUV that pairs five seat practicality with genuine AMG hardware. At its heart sits the AMG 139 series 2.0 litre inline four turbo petrol engine, backed by a 48V mild hybrid system and an electrified turbocharger that sharpens throttle response from low revs. Drive reaches the road through a nine speed automatic and 4Matic all wheel drive.

Inside, AMG badged sport seats with deep bolsters and perforated centre panels front a cabin trimmed throughout in black leather, with a widescreen central

display, navigation and a digital instrument panel. Rear passengers get their own air vents and a folding centre armrest, while a panoramic sliding sunroof opens up the whole cabin.

Adaptive driving beam headlamps, lane keeping assist, around view and reversing cameras, park assist and keyless push button start round out the specification, and it sits on 20 inch AMG alloy wheels with a staggered tyre fitment. Ready for worldwide export from Japan, with Elegant Import and Export managing documentation and shipping from start to finish.
