2026-01	Undisclosed	Electric	RHD	Automatic(AT)	95 (Kw)

Discover this 2026 Mercedes-Benz EQA 250+ AMG Line, a fully electric luxury SUV that carries the refinement of the three-pointed star into zero-emission motoring. Its front-mounted electric motor delivers instant, near-silent response, effortless through city traffic and relaxed on the open road, while running and maintenance costs stay well below those of a combustion equivalent.

The AMG Line specification gives this EQA a sportier stance, riding on 20 inch alloy wheels wrapped in 235/45 R20 tyres. Inside, leather upholstery, power-adjustable

seats, a multi-function steering wheel, push-button start and a navigation system with TV create a cabin that feels every bit a Mercedes, while adaptive driving beam headlights, an around view camera and corner sensors make night driving and tight parking simple.

As a right-hand drive Mercedes-Benz, this EQA suits buyers in RHD markets searching for a premium used electric SUV for export. Available now for worldwide export from Japan, with Elegant Import & Export managing the full shipping process.
