We are delighted to present this 2012 Mitsubishi Fuso Aero Ace (QRG-MS96VP) — one of Japan's most prestigious highway coach platforms, seating 59 passengers in a high decker configuration. Powered by the powerful 6R10 12,800cc diesel engine delivering 350PS with manual transmission and right-hand drive, this Aero Ace is purpose-built for long-distance intercity routes, charter services and premium group transport operations where passenger comfort and reliable performance are equally important.

This well-maintained coach comes equipped with all the expected configurations of a flagship touring coach — ABS, air suspension for a smooth and stable ride, air brakes, power sliding door, back camera, cooler box, AM/FM radio, double batteries and double rear wheels. Worth highlighting separately are the full air conditioning system complemented by a roof-mounted sub air conditioning unit for enhanced cabin cooling throughout the passenger cabin, and sliding passenger windows that provide additional natural ventilation when needed. Available for worldwide export directly from Japan through Elegant Import & Export.
