Introducing the 2025 Toyota Crown Sedan in Z grade, the most formal member of the sixteenth generation Crown range and the model that introduced Toyota's 2.5 litre multi stage hybrid system. The A25A-FXS petrol hybrid drives the rear wheels through a stepped gearset rather than a single speed hybrid drive, giving a system output of 245 PS with ten speed sequential shifting and steering wheel paddles.

This example is specified with the factory Black Package and genuine 20 inch alloy wheels, and wears the Modellista aero kit over it. A panoramic glass roof sits above a black leather cabin with heated and ventilated seats, a heated steering wheel, head up display, digital inner mirror and wireless charging.

The genuine display audio system carries navigation and digital TV, while a panoramic view monitor, blind spot monitor, lane keeping assist and Toyota's parking assist make this large saloon easy to place in city traffic. A hands free power boot completes an unusually well equipped flagship.

Presented in brand new condition with an accident free, non smoker history, this used Toyota Crown for sale is a quiet, chauffeur grade alternative to a European executive saloon. Available now for worldwide export from Japan, with Elegant Import & Export handling the full shipping process.
