Discover this 2023 Toyota Camry in the desirable WS trim, a refined five seat executive saloon that pairs understated luxury with genuine hybrid economy. At its heart is Toyota's A25A-FXS 2.5 litre Dynamic Force petrol engine, a four cylinder unit praised for its class leading thermal efficiency, teamed with an electric motor for a combined system output of 211 PS delivered through a smooth electronically controlled automatic transmission.

WS sits at the sporting end of the Camry range, marked out by its dark mesh grille, sculpted lower bumpers, boot lid spoiler and twin exhaust outlets. Inside, supportive

two tone sport seats, a multi function steering wheel, dual zone climate control and a large touchscreen navigation system set the tone, while lane keeping assist, a reversing camera and corner sensors ease the daily commute and tight parking.

A used Toyota Camry hybrid from Japan remains one of the shrewdest buys in the executive saloon class, equally suited to private ownership, executive fleet duty or relaxed long distance touring, and backed by Toyota's worldwide parts and service network. Ready now for worldwide export, with Elegant Import & Export handling every step of the shipping process.
