Step into the 2012 Toyota Coaster LX, a 29 seater micro bus that has earned its reputation as one of the most trusted small buses in commercial passenger service. This high floor, step entrance model offers a practical, comfortable cabin with room for a full group, making it a natural fit for operators who need dependable people movement day after day.

Powering it is Toyota's N04C, a 4.0 litre inline four turbo diesel producing 150 PS through a manual transmission. This engine is prized for its straightforward, hard wearing design and its wide parts availability across much of the world, which answers the question every importer asks first, can I keep it serviced where I live. The Coaster's simple mechanicals and proven durability make it as easy to maintain as it is to run.

With seating for 29, air conditioning, a reversing camera and a navigation system, this used Toyota Coaster is ready for hotel and airport shuttle work, staff transport, school runs, church and community service, or sightseeing and tour duty. Available now for worldwide export from Japan, with Elegant Import & Export handling the full shipping process from our yard to your nearest port.
