REG. YEAR	MILEAGE	FUEL	STEERING	TRANSMISSION	ENGINE CAPACITY
2021-09	44,000 (km)	Diesel	RHD	Automatic(AT)	2,400 (Cc)

Built for hard work and long-distance travel in equal measure, this 2021 Toyota Hilux arrives in the sought-after Z trim with four-wheel drive, giving you the double-cab practicality of five seats and four doors alongside a genuine 500kg payload deck. Few used pickup trucks for sale from Japan carry the Hilux reputation for going anywhere and coming back.

Power comes from Toyota's 2GD-FTV, a 2,400cc intercooled turbo diesel inline four producing 150 PS, paired with a smooth automatic transmission. This Japanese diesel engine family is known for its strong low-end pull, its ability to work all day under load, and its wide parts availability worldwide, so servicing it at home is straightforward.

The Z specification brings adaptive driving beam headlamps, a navigation system, a reversing camera, alloy wheels on 265/65 R17 tyres, push-button start with smart key, fog lamps and a multi-function steering wheel. Available now for worldwide export from Japan, with Elegant Import & Export handling every step of the shipping process.
