Built for rough roads and long working days, the 2021 Toyota Hilux in Z trim carries the reputation that has made this pickup a benchmark in demanding markets worldwide. Under the bonnet sits a 2.4 litre inline four cylinder intercooled turbo diesel producing 150 PS, matched to a smooth automatic transmission and a part time 4WD system that lets the driver select two wheel drive for economical highway running and four wheel drive when the surface turns to gravel, mud or sand.

As a four door double cab seating five, this Hilux covers crew transport and family duty without giving up its working credentials, with a 500 kg rated payload deck for tools, produce or site materials. Z sits at the upper end of the Japanese domestic range, and this unit is fitted with cruise control, a navigation system and smart entry with push button start, riding on 265/65 R17 tyres.

Toyota diesel mechanicals are known worldwide for durability and easy parts supply, which makes a used Toyota Hilux for sale from Japan a safe buy for owners working far from a main dealer. Available now for worldwide export, with Elegant Import and Export managing documentation and shipping.
