Built for hard work and rough roads in equal measure, this 2022 Toyota Hilux Z GR Sport brings together the world's most trusted pickup platform and the sharper look of Toyota's Gazoo Racing treatment. Motivation comes from the 2.4 litre 2GD-FTV intercooled turbo diesel, a four cylinder unit rated at 150 PS and known for the strong low speed pull that has made the Hilux a fleet favourite worldwide, backed by parts support that reaches far beyond the main dealer network.

Drive runs through an automatic transmission and a four wheel drive system, so this pickup moves easily from sealed highway to gravel, mud and site access tracks. The four door double cab seats five and still offers a 0.5 ton payload deck, making it a practical choice for contractors, farms, mining support and utility fleets that need one vehicle to carry a crew during the week and a family at weekends, riding on 265/60 R18 tyres.

The cabin is equipped for long days behind the wheel with a navigation system, TV, smart key and push start. Recorded as accident free, this used Toyota Hilux is ready for worldwide export from Japan, with Elegant Import & Export managing the full shipping process.
